# HIGH DESERT QUARTER HORSES

Welcome to our 10th Annual Production Sale. We have been breeding top quality ranch horses for a long time and we are proud to be able to offer them to you through our sale. This has been a strong year for the ranch horse market, with record highs being set at sales all over our region. People are realizing that you simply cannot beat ranch work for making nice horses.

We are proud to be Ranching Heritage Breeders with the AQHA. The focus of the Ranching Heritage Breeder program is to recognize the ranch horse, honor the heritage of ranchers, preserve the traditions of the working ranch cowboys, and protect the authenticity of the ranch horse. We feel this is a perfect fit with our program. If you purchase a horse from us and you want to show it in any AQHA Ranching Heritage Challenge event, please let us know and we will make sure that your horse is enrolled.

We have another powerful set of horses in this year's sale. This is a strong offering of premier genetics from our program. When you look at the pedigrees you will notice how many 3/4 siblings are being offered. That's how programs with consistency are built. The two year olds offered this year have nice starts on them. They have all been rode outside and have seen a lot for their age. Please attend the preview at 11:00 am to watch us ride them. The yearling horses are halter broke and are one of the gentlest and nicest set of yearlings we've ever brought to town. We were fortunate to be able to send all of our yearlings to TVCC in Ontario, OR to Wade Black once again. Wade was the 2021 Road To The Horse World Champion. He is the equine instructor at the college and with his supervision his students halter broke the yearlings. Please talk to us at the conclusion of the preview about horses you might be interested in. We try very hard to match people and horses so everyone is happy once you take your new horse home. If there is an issue, quirk, or blemish with any of our horses we will tell you. We stand behind our horses so you can buy with confidence.

We would like to thank the Bentz family for being a guest consignor in our sale. We have known the Bentz family for over 20 years and cannot think of anyone we would rather have involved with our sale. They have had a presence at every sale we've had. Their horses are raised outside in big country and developed the way we think all horses should be. Just as importantly, their program is backed by over 35 years of great quarter horse genetics and a high level of integrity. Our close friend Brent Clark has several colts in the sale this year sired by Smoke. Our friends Levi and Rachel Harris from Drewsey, OR are selling several horses in our sale again this year as well. Levi and Rachel are good cowboys and you'll like their horses. We are pleased to have them be part of the sale.

We look forward to seeing our friends and customers on sale day. Please do not hesitate to call or e-mail if you have any questions prior to the sale.

# Ranching Heritage Breeder

**We are honored to be recognized as a Ranching Heritage Breeder by the AQHA. This honor allows us to nominate horses for the Ranching Heritage Challenge events. We look forward to carrying on the Ranching Heritage Tradition.**

**B. DIANNE MATHISEN**

**19 years ago we had a vision of breeding big, stout, ranch horses with great minds and conformation. Out of that vision High Desert Quarter Horses was born. We focused heavily on the King Fritz horses for our mare line. We purchased Hairpin Roan Tiger in 2004, from Leachmans' in their sale, and the rest is history. Hairpin Roan Tiger sired hundreds of foals for us and formed the cornerstone of our program.**

**We've been riding horses that we have bred for many years. The Anderson kids have grown up (and still are) buckarooing on horses we have raised. As they have gotten older they have started helping with the colt starting. We are ranchers, so raising top quality quarter horses is a perfect fit for us. We like raising ranch kids as well.**

**We have marketed horses off the ranch as well as at various ranch horse sales across the west. We have always worked extremely hard to treat our customers with a high level of integrity and honesty. If it is not the right horse for you, we will tell you. This philosophy has created many great relationships and we feel that is part of why we have had so many repeat buyers over the years. We hope you like our horses as much as we do.**

***It is with heavy hearts that we have to break the news to the world that we lost Hairpin Roan Tiger this past winter. He was an exceptional stallion that not only made his mark on our program, but truly was the cornerstone of High Desert Quarter Horses. He was the foundation of our program and his influence will be felt for decades to come. It is rare in life that you get the privilege of owning a stallion of this caliber. We loved Tig and his disposition was second to none. The most amazing part about Tig was how he passed his disposition on to his offspring. He sired over 200 foals in his lifetime and we are truly honored to have owned him for over 18 years. The exciting thing for us is that we own 26 daughters of Hairpin Roan Tiger and have an incredible mare base to continue our program. We also have several sons of Hairpin Roan Tiger that are starting to make their mark in the stallion pen. Thank you Tig for all you did for us. We will miss you big fella!***

WEAVERS BOONSMAL DOC was bred by Weaver Quarter Horses in Montana. We have bought multiple mares from Weavers over the years and are impressed with their program. "Merada" is really an eye catching stallion with outstanding conformation and an impeccable pedigree. By an own son of Peptoboonsmal and out of a granddaughter of Doc O Lena. One thing that really impresses us about "Merada" is his foot and bone. He's got lots of both, which is not the norm for cutting horses. He compliments this with a nice short back and hocks that are low to the ground. We are now riding a lot of Merada sons and daughters and they are tremendous cowhorses.

HD TIGERS RISING SON is without a doubt one of the stoutest and most rugged stallions in the West. We've looked for a Hairpin Roan Tiger son for years that we thought could fill his sire's shoes and we might have finally found him. Rising Son is out of the best mare we've ever owned. We have two full brothers in the cavvy that we ride and have two full sisters in the broodmare band that continue to produce our top colts annually. Rising Son wears a #2 shoe, has tremendous bone, and is the cattiest big horse you've ever seen. We have many foals on the ground this year and they are powerhouses.

COWBOYS GIN A633 is a stallion we have leased for four years. "Smoke" is owned by our friend Brent Clark and he's been gracious enough to let us lease him again. Smoke is about as kind and gentle as you can make a stallion and he combines this with a big foot and lots of bone. His pedigree crosses fantastic on the Hairpin Roan Tiger daughters and we have many 3/4 sibs sired by Smoke. Miss N Cash was bred in our country and won the NCHA derby back in the day. Tanquery Gin was an own son of Doc O'Lena that stood at the 6666 ranch in Texas. The oldest colts we have by Smoke are two year olds and they are really good.

SMART JUSTIN is at the end of his breeding career. I started this stud in 2003 and we rode him on the ranch for many years. Justin has always had a quiet, calm disposition. His colts have some gas and are very feely. He puts a cool hip structure on his foals. When you add that to their gorgeous heads and good feet it makes them pretty hard to get around. His sons and daughters are usually very cowy and athletic.

SCR SWEET LIL DINERO is one of the newest additions to our stallion line up at High Desert Quarter Horses. We bought him in Montana as a yearling in 2021. He's an absolute powerhouse of a colt and we have him out with seven Hairpin Roan Tiger daughters this spring. Speed, cow and looks. Pretty hard to beat that in a ranch horse. We are extremely excited about Dinero and cannot wait to start riding his progeny. We started riding him lightly last year and will pick up and keep riding him once he comes out of the breeding pasture. You will be seeing many colts sired by Dinero in the years to come.

STAR OF THE CATHOUSE is the newest addition to our stallion lineup. We call him Blue Cat, and we are excited about this guy! This stallion is out of an own daughter of Royal Fletch that made the finals at the Snaffle Bit Futurity back in the day. She has produced multiple stallions and is the kind of mare you want to ride. She's big and stout with a good foot. Blue Cat's sire is an own son of Metallic Cat out of the famous mare Little Autumn DNA. There is amazing power in the blood on this colt and we have him with a few mares this year. We are very excited to see his colts hit the ground next year!

Whiskey is very aware of his surroundings and is a little watchy, but has never offered to buck. This gelding is a big time kind of horse and we think he's going to be spectacular. We love to ride him and expect that he's going to be pretty fancy by sale time.

This chestnut gelding is a looker for sure. Sired by Smoke and out of a beautiful Hairpin Roan Tiger daughter. Cowboy is mentally more immature than some of the two year olds. He's grabby sometimes when things scare him. No buck, but he still has colty moments. If you've never rode colts before, this one is not for you. This horse is nice with lots of potential but we would like to see him go to someone who understands how to ride green horses. Maternal brother owned by Vade Arnzen, Wheatland, CA.

Pal already stands 14.3 as a two year old. All the signs point to him maturing to be a big gelding. We think that Pal will have some real speed and could be very competitive in the rodeo arena or just an outstanding ranch horse. With Frenchmans Guy and Dash for Cash on the top side and Cee Booger Red and Three Bars on the bottom side it's not hard to understand why this colt has so much potential! Pal had a light start last winter and is now getting some outside exposure. He is naturally light and responsive to your hands and really wants to do things right. He is very smooth and comfortable to ride.

The coolest thing about Sig however is his mind and his willingness. This colt is a pleasure to ride and has lots of forward motion. He will go wherever you point him and is happy about life. Blueberry is one of our favorite fillies to ride. She's a later maturing filly so she hasn't bulked up yet. We've rode some full sibs to her and they get big. We rode Blueberry's mother and she was very fast and athletic. This filly should mature over 15 hands and will be soggy when she's done growing. Mentally she's fantastic and is super willing. Raptress was not supposed to be in the sale. When we lost Hairpin Roan Tiger, we decided to keep a few more of his daughters so we had to turn loose of one from the replacement pen. This is M.T.'s pick of the two year old fillies. Raptress is a full sister to his horse Raptor. Raptor is 16 hands and moves like a 14 hand cutting horse. This mare is going to be the same way. She's wired to eat a cow and moves like a cat. It is so hard to find horses with this much size and body that can move like Raptress can. This filly is an absolute blast to ride. She is extremely quick footed and cowy. Her dam is a full sister to our stallion Rising Son. This filly has the wow factor for sure.

This buckskin colt is one of the biggest yearlings in the sale. He has a big hip, is tall, and should mature to be a big horse. Out of an appendix bred Hairpin Roan Tiger daughter and sired by our stallion Merada. We have noticed this colt since he was born. He has been a favorite of ranch visitors since last summer. If you want a big time gelding to ranch on or a barrel horse prospect, Cadillac would be one to take a hard look at.

Whenever we look at buying a colt, we like to see who and what their mother was. This colt's mother was the very first Hairpin Roan Tiger 2 year old we started back in 2008. She was exceptional to start and ride. 15 years later she is still producing top end ranch horses for us. This colt is beautiful to look at and has a ranch horse look to him. Crossing the Tanquery Gin genetics on the Hairpin Roan Tiger daughters has been working really well for us.

Piston is a nicely made palomino colt that should go on to be a big, stout ranch horse. This horses full sister has a big motor and lots of forward motion. We expect that Piston will be an excellent big country horse that will have plenty of stamina to do a full days work. We have many Rising Son colts on the ground this year and they look amazing. This colt fits with them, he's just a year older.

We have rode several full siblings to Blue Bee and have found them to be great minded, athletic horses that are full of try.

We believe we might have saved the best for last with Levi. Smart Justin had a breeding injury several years back and we have retired him from the breeding pasture. This is the last foal he sired. This is a sharp looking colt that should really be cowy. He has a big hip and is built stout and compact. Not everyone wants a 16 hand horse and we think that Levi will mature around 15 hands. He will have excellent conformation and be easy to look at. We've rode a lot of these horses and this should be a good gelding when he's all grown up.

Jules is a ¼ draft filly out of a very nice Colonel Freckles bred mare. We ride her dam on the ranch and she is gritty and tough with a huge heart. She is quick on her feet and will watch a cow. The sire of Jules is owned by Wes Teichert and he's a Shire/Quarter Horse cross. They use him regularly as a saddle horse. This filly should be a cowhorse deluxe and one that you can drag a cow in a trailer with also. Owned by Kyle and Ashley Cundall.

# WHAT DO OUR CUSTOMERS SAY?

We couldn't be more happy with our two geldings. Both are great minded, hard working and sure footed travelers. Always eager to go to work and handle whatever type of day we ask of them. Get them in a sticky situation that would make most horses hot, not these two, they stay calm and collected. What we love most is that they are always the same horse, ride them often or give them months off. High Desert Quarter Horses has put together an outstanding group of horses for all riding styles.

**-Calvin & Melissa Hartzell  
Twin Buttes Ranch  
Paulina, OR**

I bought "Solo" from High Desert Quarter Horses in 2010. I started him as a two year old and he has gone on to make a great bridle horse. For as big as he is he can really watch a cow. Sometimes he is almost too cowy as he will move with a cow when you are roping off him. He has never bucked with me and is my good friend. I am glad I was able to purchase him and he has enabled me to make a living throughout the west. Solo is a big, powerful, athletic horse with a kind mind that has never quit me.

**-Troy Spoon  
Valley Springs, CA**

We ride in rough country. One thing we look for in horses is something safe. Safe does not mean a horse is gentle and does not buck. Safe to us means the horses always know where their feet are.

You can make about any horse gentle or not buck, but you cannot teach them to always know where their feet are. HDQH raises their horses out in rough country. By the time you are ready to start these horses they know where their feet are at and they can travel. You will find in HDQH that these horses have size, substance, good backs, and feet. They also are dang cowy. These horses also get gentle. We have 2 horses from them and I would not trade them for anything.

HD Tigers Rolex, "Flint" is a 9 year old, 16hh, stout, dun roan gelding. He excels at trail riding – from the mountains of Montana to the Hitchcock Woods and the hustle and bustle of riding in Aiken, South Carolina's horse district. Natural and man-made obstacles, horses, dogs, bicyclists, joggers, cars, squirrels don't bother him. He may give an evil eye to a man hole cover now and then, but he is our go to, steady, extra horse for visiting friends and relatives. We love his easy going nature and, twice a year, we can rely on him to safely take my 84 year old mom out for a trail ride. We are happy he is a part of our family. High Rolling Oswald, "Oswald", Is a 5 year old, 16hh, bay roan stallion from High Desert Quarter Horse's great producer, Tig. Since we loved the way our horse, Flint, developed, we sent our mare, Blazing Ginny to be bred. Oswald is our second stallion standing at Cornerstone Equine and reflects the best qualities of his breeding. His first foal crop is on the ground and he has been turned out with the mares for his second season. We fully expect him to live up to his sire's outstanding production capabilities.
